

Our mission:

To see communities transformed by:

- Enabling the self developing capabilities of the people we serve, through listening, teaching what ever topics are needed, training, encouraging and empowering.
- To offer a safe environment to people of all faiths, no faith, all ages, all nationalities.
- To work in developing countries as invited, starting with work in Kenya.
- To raise funds to drill a bore hole and build a training and retreat facility, in Miti Mingi, Nakuru, Kenya.

Our Values

- We believe in every person's right to know the love of God and to reach a place of freedom and potential.
- We believe that potential is precious.
- We seek to do the right thing as God defines it.
- We are committed to sharing the gospel.
- We serve and work through local Church in a non-denominational manner.
- We are committed to healthy giving.
- We are committed to the well being of the community with long-term partnerships.
- We are not a project driven organisation.
- We are committed to being pulled by the community versus pushing western solutions.
- We will always work at the pace of the community.
- We measure success by what the community does for itself.
- We allow local leaders to lead and will not usurp.
- We are committed to healthy change and new approaches.

Our vision is to build a Training Centre in Miti Mingi Kenya, central to many villages. This will make it possible for people to access free holistic training in safe and peaceful surroundings. We need to raise £150,000 to achieve this. If you can help us bring life and hope to these amazing people by donating, praying or coming with us on a trip to teach, thank you!

"This teaching changes lives, even saves lives. Helps us to send our children to school, gives us hope for the future. Thank you PottersHeart."
Pastor Jonah Tito

Please can you help by donating via our website:

www.pottersheart.org,

You will find the MyDonate button on the front page.

Or you can go straight to BTMYDonate/ PottersHeart.

If you prefer to send us a cheque, make it out to PottersHeart and send to:

84 Meadow View, Potterspur, Towcester, NN12 7PJ

Our Strategy

We believe that true development will only occur through what people do for themselves, so that is how we measure our success.

We partner with local indigenous leaders, engaging needs assessment driven, community initiated projects, not western-driven solutions. The community members themselves are involved in defining solutions and reaching their desired outcomes. The projects are owned, operated and sustained by the community.

We look for UK based churches/ organisations/individuals to partner with us to find accessible ways to serve the Kingdom, not just once, but for the long-term with an entire community.

When we commit time and resources to a village and travel there to know the people, and help them to meet their greatest needs, then it's not a mission, it's a relationship.

Partner with us and you are opening the door to life-changing, culture-changing relationship for the community and for you.

*When potential is released,
 communities thrive!
 Loving, teaching and training
 brings life, hope and helps
 to alleviate poverty.*

*Each of you should use
 whatever gift you have received
 to serve others, as faithful
 stewards of God's grace in its
 various forms.*

1Peter 4-10
